

COMMUNITY HEALTH CENTRE, 33 NAPIER ROAD, HAVELOCK NORTH • PH 877 4450

Our approach to  
Appearance  
Medicine is to help  
you look and feel the  
best you can.

### *Look Great and Feel Refreshed*

We take your concerns seriously and listen to what you want to achieve with us – we feel great satisfaction seeing your progress and results.

We are continually upskilling and looking at the latest products, equipment and treatments to be able to offer you the best possible solutions for your skin.

### New Medical Treatments

**JUVEDERM® VOLUMA®** is a new dermal filler that has been specially formulated to restore and enhance facial volume. As we age our skin loses elasticity and sags down, and up until recently a surgical facelift to remove the excess skin was the only answer. Medical understanding is now much better. We now know that loss of elasticity is only part of the problem. What also happens is that as we age, we lose fat and soft tissue from under the skin. Voluma® plumps up the face where fat has been lost by creating a 'lift' and softening facial contours for a healthier, more youthful looking face. It is fast becoming the best option for the average person who wants to regain some youthful freshness. Voluma® is a long lasting filler made from a natural complex sugar called hyaluronic acid (HA), naturally found within our skin cells. It assists in skin hydration by attracting and holding water. It also combines with collagen and elastin to help provide skin structure and elasticity. It is non-invasive, fast, cost-effective and you will notice a difference straight away.

If you would like to know more or to see if you are suitable for Juvederm® Voluma® simply make an appointment with either Danielle or Lara or enquire when you are next in the clinic.

## New Medical Equipment

**OMNILITE LED THERAPY** triggers the body to convert light energy into cell energy without thermal injury, therefore it is safe and effective for all skin types. It stimulates cells to make new collagen and elastin and after a few treatments, improvement of texture and appearance of the skin can be seen. LED rejuvenation treatments will deliver skin radiance, tonicity and improved elasticity. It is also a fabulous accent to other anti aging treatments e.g. IPL, Dermal Rolling and Microdermabrasion increasing the efficacy of these treatments therefore speeding up the process of diminishing fine lines and wrinkles.

Book by 31 May for any treatment over \$200 and enjoy a FREE Omnilite LED Therapy Treatment whilst relaxing in our luxurious massage chair!

## WELCOME SUE!!

The team at Peak Appearance extends a very warm welcome to Sue Edwards. Sue has worked at the Vein & Skin Clinic in Wellington for the past seven years and has a wealth of experience and knowledge in the medical and cosmetic industry. She will be taking on the role of Receptionist and will be working Tuesdays, Wednesdays and Fridays.
